We recently received Final Gainful Employment Debt to earnings rates for gainful employment programs at our institution. Previous communication stated that the institution must provide applicable warnings to student no later than 30 days after the institution received the Secretary's Notice of Determination

We would like to determine whether the letter containing the final Gainful Employment Debt to Earnings rates for gainful employment for debt measure year 2015 is to be considered the Secretary's notice of Determination or whether that is a separate document that should be forthcoming.

Institution: Stratford University  
OPE ID: 02541200

We recently received Final Gainful Employment Debt to earnings rates for gainful employment programs at our institution. We are preparing to submit a notice of intent to appeal. We however noticed that one of the CIP codes identified as Fail was not a valid CIP code for programs offered at this institution. The CIP code identified below is incorrect

CIP	LEVEL	CIP NAME
120599	02	CULINARY ARTS AND RELATED SERVICES

The correct CIP code should be

CIP	LEVEL	CIP NAME
120503	02	CULINARY ARTS/CHEF

We would like to determine how best to correct this error so that we can submit an appeal for the correct program

**INDEPENDENT ACCOUNTANTS' REPORT**

To the Stockholder  
San Francisco Institute of Esthetics and Cosmetology, Inc.

**Report on Compliance with Specified Requirements Applicable to the Standards  
for Conducting the Recent Graduates Employment and Earnings Survey**

We have examined management's assertions, that San Francisco Institute of Esthetics and Cosmetology, Inc.'s conducted its Recent Graduates Employment and Earnings Survey for Debt Measurement Year 2015 in accordance with the requirements set forth in the Standards for Conducting the Recent Graduates Employment and Earnings Survey listed in Appendix A of the *Best Practices Guide for Recent Graduates Employment and Earnings Survey* published in November 2015.

**Management's Responsibility**

Management is responsible for conducting the Recent Graduates Employment and Earnings Survey in accordance with the requirements set forth in the Standards for Conducting the Recent Graduates Employment and Earnings Survey listed in Appendix A of the *Best Practices Guide for Recent Graduates Employment and Earnings Survey* published in November 2015.

**Accountants' Responsibility**

Our responsibility is to express an opinion on San Francisco Institute of Esthetics and Cosmetology, Inc.'s compliance based on our examination of the types of compliance requirements referred to above. We conducted our examination of compliance in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States; attestation standards established by the American Institute of Certified Public Accountants; and the *Best Practices Guide for Recent Graduates Employment and Earnings Survey* issued by the U.S. Department of Education in November 2015, and accordingly, included examining, on a test basis, evidence about The California Academy, Inc.'s d/b/a Paul Mitchell the School compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our examination provides a reasonable basis for our opinion on compliance with the Standards for Conducting the Recent Graduates Employment Survey. However, our examination does not provide a legal determination on San Francisco Institute of Esthetics and Cosmetology, Inc.'s compliance with specified requirements.

### **Opinion on Compliance with the Standards for Conducting the Recent Graduates Employment Survey**

In our opinion, San Francisco Institute of Esthetics and Cosmetology, Inc. complied with the types of compliance requirements referred to above that could have a direct and material effect on its survey appeal conforming to the Standards for Conducting the Recent Graduates Employment and Earnings Survey for the programs subject to the Department of Education's Gainful Employment regulations for Debt Measurement Year 2015.

### **Other Matters**

San Francisco Institute of Esthetics and Cosmetology, Inc.'s results from the Recent Graduates Employment and Earnings Survey are presented in the accompanying Survey Information Table. The Survey Information Table was not subjected to the testing procedures applied in the examination of compliance, and accordingly, we express no opinion on the Survey Information Table.

### **Purpose of this Report**

This report is intended solely for the information and use of the audit committee, management, and U.S. Department of Education, and is not intended to be and should not be used by anyone other than these specified parties.

Good Afternoon,

On February 28th, I sent our institution's Alternate Earnings Appeal Report. Below is the original email along with the Final audited Electronic Version of 2015 RGEES Attestation and the CEO Signed Certification. I haven't received a receipt thus far from AltEarningsAppeals that the email was received. Another institution who email an appeal after ours received their confirmation so I wanted to follow-up to ensure our appeal was in fact received.

## Definitions

The definition of a wage for the Occupational Employment Statistics (OES) program is straight-time, gross pay, exclusive of premium pay. Among the inclusions in the wage are base rate, cost-of-living allowances, guaranteed pay, hazardous-duty pay, incentive pay including commissions and production bonuses, and on-call pay. Some exclusions from the wage are back pay, jury duty pay, overtime pay, severance pay, shift differentials, non-production bonuses, and tuition reimbursements.

There are certain occupations for which the mean hourly wage is not typical. Individuals in these occupations are paid on an annual basis and generally work fewer than 2,080 hours per year (40 hours per week x 52 weeks). Occupations for which annual data are provided are teachers, musical and entertainment occupations, aircraft pilots and flight attendants.

## Employment

The Occupation Employment Statistics Survey defines employment as the number of workers who can be classified as full or part-time employees; workers on paid leave; paid owners, officers and staff of incorporated firms and workers assigned temporarily to other units. Excluded are contractors and temporary agency employees not on the payroll; unpaid family workers; workers on unpaid leave and proprietors, owners and partners of unincorporated firms.

Employment represents the estimate of total wage and salary employment in an occupation across the industries in which it was surveyed. Not every occupation appears on the every survey form. Data for specific occupations are collected from establishments within industries that are the predominant employers of labor in those occupations.

## Entry Wage

The entry wage is the mean of the lowest third of the wage distribution.

## 25th Percentile Wage

25th percentile hourly wage is the estimated 25th percentile of the distribution of wages. Twenty five percent of workers in an occupation earn wages below, and 75 percent earn wages above the 25th percentile wage.

## Median Hourly Wage

Median hourly wage is the estimated 50th percentile of the distribution of wages. Fifty percent of workers in an occupation earn wages below, and 50 percent earn wages above the median wage.

## 75th Percentile Wage

75th percentile hourly wage is the estimated 75th percentile of the distribution of wages. Seventy-five percent of workers in an occupation earn wages below, and 25 percent earn wages above the 75th percentile wage.

## Median Annual Wage

The median annual wage is the median hourly wage times 2,080 work hours per year.

Base data are obtained from the Occupational Employment Statistics (OES) survey, a semi-annual voluntary mail survey of approximately 15,000 (per year) Ohio employers. The data presented below reflect half of the 2012 survey, 2013, 2014, and half of the 2015 survey data aged to June 2016 by applying the Employment Cost Index (ECI). The Ohio Department of Job and Family Services aged official OES data series for the state and metropolitan areas, which were developed in cooperation with the Bureau of Labor Statistics. ## Definitions

The definition of a wage for the Occupational Employment Statistics (OES) program is straight-time, gross pay, exclusive of premium pay. Among the inclusions in the wage are base rate, cost-of-living allowances, guaranteed pay, hazardous-duty pay, incentive pay including commissions and production bonuses, and on-call pay. Some exclusions from the wage are back pay, jury duty pay, overtime pay, severance pay, shift differentials, non-production bonuses, and tuition reimbursements.

There are certain occupations for which the mean hourly wage is not typical. Individuals in these occupations are paid on an annual basis and generally work fewer than 2,080 hours per year (40 hours per week x 52 weeks). Occupations for which annual data are provided are teachers, musical and entertainment occupations, aircraft pilots and flight attendants.

## Employment

The Occupation Employment Statistics Survey defines employment as the number of workers who can be classified as full or part-time employees; workers on paid leave; paid owners, officers and staff of incorporated firms and workers assigned temporarily to other units. Excluded are contractors and temporary agency employees not on the payroll; unpaid family workers; workers on unpaid leave and proprietors, owners and partners of unincorporated firms.

Employment represents the estimate of total wage and salary employment in an occupation across the industries in which it was surveyed. Not every occupation appears on the every survey form. Data for specific occupations are collected from establishments within industries that are the predominant employers of labor in those occupations.

## Entry Wage

The entry wage is the mean of the lowest third of the wage distribution.

## 25th Percentile Wage

25th percentile hourly wage is the estimated 25th percentile of the distribution of wages. Twenty five percent of workers in an occupation earn wages below, and 75 percent earn wages above the 25th percentile wage.

## Median Hourly Wage

Median hourly wage is the estimated 50th percentile of the distribution of wages. Fifty percent of workers in an occupation earn wages below, and 50 percent earn wages above the median wage.

## 75th Percentile Wage

75th percentile hourly wage is the estimated 75th percentile of the distribution of wages. Seventy-five percent of workers in an occupation earn wages below, and 25 percent earn wages above the 75th percentile wage.

## Median Annual Wage

The median annual wage is the median hourly wage times 2,080 work hours per year.

Dear Sir or Madam:

In accordance with Gainful Employment Electronic Announcement #95, the Grabber School of Hair Design has completed a Recent Graduate Employment and Earnings Survey, adhering to the Standards for Conducting the Recent Graduates Employment and Earnings Survey, using the RGEES platform.

The Cohort used in the RGEES came directly from our GE Official Rate Data and we surveyed for the 2014 income information. There were 102 students in our cohort and 55 surveys were completed, which calculates a 53% response rate.

As referenced by the RGEES Mean and Median report, the survey provided a new Mean Total of 24,121.81 and Median Total of 21,000.

Using the Debt-to-earnings Numerator from our GE Official Rate Data as 2208 divided by the “higher Mean or Median” being 24,121.81, results in a new Debt to Earnings Rate of 9.15 which takes us from a failing rate of 12.52 to “in the zone”.

If you have any questions, or require further information, please feel free to contact me at [donna@grabberschool.edu](mailto:donna@grabberschool.edu) or you can reach me at 314-966-8888.

Respectfully,

DONNA TROLL

## INDEPENDENT ACCOUNTANT'S REPORT

To the Board of Directors of  
Command Concept Company, Inc.  
d/b/a Grabber School of Hair Design  
St. Louis, Missouri

We have examined the compliance of your Recent Graduates Employment and Earnings Survey (RGEES) conducted in January and February 2017 with the Standards for Conducting the Recent Graduates Employment and Earnings Survey. Command Concept Company Inc. d/b/a Grabber School of Hair Design's (the School) management is responsible for conducting RGEES in accordance with the requirements set forth in the Standards for Conducting the Recent Graduates Employment and Earnings Survey. Our responsibility is to express an opinion on the School's compliance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey based on our examination.

Our examination was conducted in accordance with attestation standards contained in the Government Accountability Office's Government Auditing Standards promulgated by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the School's RGEES was conducted in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey, in all material respects. An examination involves performing procedures to obtain evidence about the School's compliance with those Standards. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of noncompliance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, the School's RGEES was conducted in accordance with the Standards for Conducting the Recent Graduates Employment and Earnings Survey, in all material respects.

This report is intended solely for the information and use of the Department of Education and Secretary of Education, and is not intended to be and should not be used by anyone other than those specified parties.

Due to the RGEES email going into numerous graduates junk/spam folders, I have had requests to resend the login information to graduates. There does not seem to be any other way besides sending the "initial" email to the entire cohort again.

Is there a way to provide login credentials to graduates on a single user basis?

**Subject:** Institute of Esthetics & Cosmetology OPEID 041690 Questions on Intent to Appeal

Good Afternoon,

Our school name is Institute of Esthetics & Cosmetology, and our OPEID number is 041690.

I am seeking additional information before filing an alternate earnings appeal for a GE program that is in the zone.

The complete report that I received shows that we are in the zone for Debt-to-Earnings Annual Rate for CIP Code 120401, and that all other programs are non-applicable because the number of students was too small to calculate.

On the Federal Student Aid Data Center's Gainful Employment information page, it shows we are failing our Debt-to-Earnings Discretionary Income Rate and the Transitional Debt-to-Earnings Rate. Our Debt-to-Earnings Discretionary Income Rate and our Debt-to-Earnings Transitional Discretionary Income Rate show zeros for our denominators. Why do we have zeros?

If I submit my Notice of Intent to Appeal and I'm not able to improve the numbers from Zone to Pass, would I be able to drop out of the appeal?

I appreciate your assistance and direction on this matter.

I can be reached at 956-541-3330 or 956-778-0651 or by email.

Sincerely,

Robin
